Academic Notes:

SIA Degree Requirements

- SIA program consists of 42 credits (18 core credits; 21 elective credits; 3 Capstone credits)
- Per The Graduate School policies, 6 credits must be 500-level courses (Capstone course may not be counted toward the 500-level requirement).
- Students must maintain a 3.0 GPA to graduate from the program. Warnings will be issued if GPA drops below a 3.0.

Optional Concentrations

- Concentrations take strategic advantage of the research, policy, and coursework expertise of top tier faculty within the SIA as well as across the university.
- Students may declare their area of concentration after entry into the program.
- Four unique courses are required for the selected concentration with a minimum of 12 credit hours. Double counting electives is not allowed if pursuing more than one concentration. Each concentration requires 4 unique electives.
- Students may opt to take elective courses not prescribed in the optional concentration; however, the 4 courses should have a focus representing the student's academic and professional interest in international affairs.
- Students may also design their own customized concentration and must enroll in 4 relevant elective courses.

Electives

- 21 credits must be taken as elective coursework to satisfy the SIA degree requirements.
- Elective courses must be at the 400, 500 or 800-level to count toward the SIA degree.
- Students may select to enroll in courses from the [pre-approved SIA or PSU Elective list](#) on the SIA website.
- Electives NOT listed on the pre-approved list require submission of the [Elective Course Substitution Form](#) and approval from the SIA Academic Advisor prior to course enrollment.

Capstone and Independent Study Courses

- SIA Registrar schedules students for INTAF 595 Internship, INTAF 594 Master's Paper, or INTAF 596 Independent Study. Visit sia.psu.edu/academics/capstone-experience to review the internship and Master's paper guidelines.
- Students may choose to split their internship credits over 2 semesters (i.e. 1 credit in summer; 2 credits in Fall)
- The Internship and Master's Paper receive an "R" research grade but does NOT get calculated into the GPA.
- Independent Studies receive a grade which gets calculated into the GPA but does NOT satisfy an elective.

Foreign Language Courses

- An [equivalent](#) of (i) 4 semesters of a foreign language at Penn State or at undergrad institution or a combination of both; (ii) native acquisition; or (iii) performance on a [proficiency evaluation](#) equivalent to 15 credits.
- Language courses < 400 level do NOT get calculated into the student's GPA.
- Foreign language classes focused on language acquisition may NOT count toward SIA elective requirements.

Integrated Undergraduate Graduate (IUG) Program

- A maximum of 12 credits can be double-counted for the undergraduate and SIA degrees.
- 50% of the double-counted courses must be at the 500 or 800-level.
- The Masters paper or undergraduate thesis (if required) may NOT be double-counted for both degrees.
- IUG students should submit an [IUG End of Semester Report](#) each semester to their undergraduate advisor AND to the SIA Registrar noting how the courses should be reflected on their respective degree transcripts.

Law School Courses

- Up to 9 Law credits or 12 credits for JD/SIA students can be counted as electives toward the SIA degree.
- Students interested in taking Law electives need to meet with the SIA Registrar ahead of time to discuss Law course schedules and class considerations. SIA Registrar will register students for all Law courses.
- Law courses will show up on transcript with the assigned letter grade but will NOT get calculated into your GPA.

Miscellaneous Advising Notes

- Courses below the 400-level do NOT get calculated into your GPA NOR count toward SIA degree requirements.
- Most 400-level elective courses have pre-requisites. Students must ensure they meet pre-requisites prior to scheduling the course. Some courses may require prior approval from the instructor or academic department.
- Students on financial aid or scholarships should confirm minimum # of credits to be considered a full-time student.
